Mission Statement:

New World Preparatory Charter School ("NWP") provides an exceptional education for students by employing research-based strategies to raise academic achievement through academic rigor and relevance, personalization, focused professional development, and meaningful family engagement and collaboration with the larger community. We build on our nation's promise of opportunity by exemplifying the role social justice holds in shaping a community *of* the people, *by* the people and *for* the people. Our students will graduate from NWP with a strong academic foundation, an awareness of the needs of others, and with the social and emotional readiness needed to succeed in high school and graduate from college.
